

## **Salary & Benefits**

The medical physics residency position at CARTI will be a full-time salaried new employee. As such, this position will qualify for the same benefits as any other new employee, including health and dental insurance plans, malpractice insurance, CARTI holidays, and paid time off. The annual salary will be approximately \$40,000. This position also includes paid registration, travel and lodging, and meals to one meeting or workshop each year, and membership dues to one related professional society. Transportation to CARTI sites outside of Little Rock is provided by CARTI, or reimbursed at the current mileage level set by CARTI.

All other financial burdens are the responsibility of the resident, including all travel and living expenses, out-of-pocket health care, books, supplies, uniforms/lab coats, etc.
