

Central Arkansas Radiation Therapy Institute (CARTI)

Radiation Therapy Program

Program Effectiveness Data

Program Effectiveness Data	Time Frame	Sample Size	Results
Credentialing Exam Pass Rate 5 year average credentialing examination 1st time pass rate within 6 months of graduation	Jan 2011-Dec 2015	Out of 20 first time examinees, 20 passed the ARRT exam at first attempt	100% (5 year average)
Job Placement Rate 5 year average job placement rate, within 12 months of graduation	Jan 2011-Dec 2015	Out of 18 graduates who actively sought employment, 18 found employment in the field within 12 months of graduation	100% (5 year average)
Annual Program Completion Rate	Class of 2015	5 enrolled, 5 graduated on time	100% (annual report)

DEFINITIONS

Credentialing Exam Pass Rate is defined as the number of graduates who pass, on first attempt, the American Registry of Radiologic Technologists certification examination or an unrestricted state licensing examination compared with the number of graduates who take the examination within six months of graduation.

Job Placement Rate is defined as the number of graduates employed in the radiologic sciences compared to the number of graduates actively seeking employment in radiation therapy. The JRCERT has defined not actively seeking employment as: 1) graduate fails to communicate with program officials regarding employment status after multiple attempts, 2) graduate is unwilling to seek employment that requires relocation, 3) graduate is unwilling to accept employment due to salary or hours, 4) graduate is on active military duty, and/or 5) graduate is continuing education.

Program Completion Rate is defined as the number of students who complete the program within the stated program length.
